2 - Under this Scheme which has come into force from 1-7-11, the pay of the potting mantry has been reduced from Rs 80 to 50 (at his own suggestion) but he will get 5 percent of the amount realized on the sale of articles made in the Potting branch, at the end of the year As the motor equipment for working the pug mill have not yet been completed, the outturn in the potting deptt is said to be low and the profits expected from the sale of ~~articles~~ bibles could not be realized He therefore prays for the full pay of Rs 80 till the motor equipments are completed We do not support the prayer Submitted for orders

According to the terms of the G O the Maistry is entitled to pay 50 Rs + 5% of the Sale proceeds at the end of the year The G O does not say that the arrangement is to come into effect only after the purchase of the motor for the mill - From para 4 of the DG's letter dated 13 3 11 it is seen that it is theoretically possible to produce 38,100 bricks per month, ~~for~~ at the three kilns, and ~~that~~ their Sale price at 30 Rs per thousand would be 1143 Rs ~~Therefore theoretically possible~~ If this maximum work was turned out the maistry would get for Commission a Commission at 5% would be more than 55 Rs pm In para 6 it is stated that the object of giving the maistry a share in the profits was to induce him to increase the output and ~~to~~ it would be wrong Counter to this principle to fix here the fixed pay of 80 Rs now - ∧ It was the Maistrys fault that he did not increase the output as

If the max^m work referred to in para 4 could be turned out the maistry would get more than 80 Rs pm

From

~~H. J. BHABHA, Esq., M.A.~~

The Inspector General of Education in Mysore

To

C S Balasundaram Iyer Esq BA,
Offg Secretary to the Govt of His Highness
the Maharaja of Mysore
General and Revenue Depts
Bangalore

SIR

I have the honour to inform you that in accordance with the condition laid down in para 10 clause 7 of Govt Order No 9970-1/Edn 330-10-2 of 1st June 1911, the pay of the Pottery Instructor of the Industrial School, Mysore was fixed at Rs 50/- per month instead of Rs 80/- and at the end of the year he is to be given a bonus of 5 per cent on the amount realised from sales during the year

The Motor equipments for working the pug mill, for which a sum of Rs 3300/- has been provided in the current years budget were expected to arrive in September last, but they have not yet arrived As it is, the out-turn is low and the profit expected from sales of tiles, Vases

GPB—1500—9-6-09

para 6 of the Govt order cited above, cannot be realised until the Motor equipments are completed The Instr has now to forego a portion of his pay for nothing in return He therefore prays that he should be given his full pay of Rs 80/- per month until the motor is supplied and the conditions of full equipment are fulfilled. I think his prayer is quite reasonable and it may be granted The arrangement of giving the Instr the portion of the profit on the sales, agreed to will be carried out after all the conditions are fulfilled

2 In these circumstances I request that Govt be pleased to authorise the Committee to grant the Instrs request

I have the honour to be,
Sir,
Your most obedient servant,
S Krishnaswamy Aiyangar
Assistant to the Inspector
General of Education for
